

# **Proceedings of the International Pike Symposium: Merging Knowledge of Ecology, Biology, and Management for a Circumpolar Species.**

**American Fisheries Society 136<sup>th</sup> Annual Meeting, September 13-14, 2006, Lake Placid, New York, USA**

**Hydrobiologia: The International Journal of Aquatic Sciences; Volume 601, 1 April 2008**

Price will be \$30 ea. (USD) for North American addresses (U.S. and Canada) and \$40 ea. (USD) outside N. America. Both include shipping. Checks (preferred), money order or cash only. We are not equipped to process credit cards. Checks and money orders should be made out to Esocid Technical Committee-NCD.

To order, send remittance and preferred shipping address to me at the address below. A receipt will be included with the book.

## Theme

International Pike Symposium: Merging Knowledge of Ecology, Biology, and Management for a Circumpolar Species

American Fisheries Society 136th Annual Meeting, September 13–14, 2006, Lake Placid, New York, USA

## Guest Editors

John M. Farrell<sup>1</sup>, Christian Skov<sup>2</sup>, Terry L. Margenau<sup>3</sup>, Marc Mingelbier<sup>4</sup> & John E. Cooper<sup>5</sup>

<sup>1</sup>State University of New York, College of Environmental Science and Forestry, Department of Environmental and Forest Biology, Syracuse, New York, USA

<sup>2</sup>Technical University of Denmark, Danish Institute for Fisheries Research, Department of Inland Fisheries, Silkeborg, Denmark

<sup>3</sup>Wisconsin Department of Natural Resources, St Croix Basin, Spooner, Wisconsin, USA

<sup>4</sup>Ministry of Natural Resources and Wildlife of Quebec, Wildlife Research Department, Quebec, Canada

<sup>5</sup>Cooper Environmental Research, Constantia, New York, USA

### Preface to the International Pike Symposium: merging knowledge of ecology, biology, and management for a circumpolar species

J.M. Farrell, C. Skov, A. Nilsson

1–3

### A short review of pike ecology

J.F. Craig

5–16

### Contrasting pike (*Esox lucius* L.) movement and habitat choice between summer and winter in a small lake

A. Kobler, T. Klefoth, C. Wolter, F. Fredrich, R. Arlinghaus

17–27

### Northern pike (*Esox lucius*) in a warming lake: changes in population size and individual condition in relation to prey abundance

I.J. Winfield, J.B. James, J.M. Fletcher

29–40

### Potential effects of spawning habitat changes on the segregation of northern pike (*Esox lucius*) and muskellunge (*E. masquinongy*) in the Upper St. Lawrence River

J.E. Cooper, J.V. Mead, J.M. Farrell, R.G. Werner

41–53

### Spatially explicit model predicting the spawning habitat and early stage mortality of Northern pike (*Esox lucius*) in a large system: the St. Lawrence River between 1960 and 2000

M. Mingelbier, P. Brodeur, J. Morin

55–69

- The effect of egg size and nutrient content on larval performance: implications to protracted spawning in northern pike (*Esox lucius* Linnaeus)**  
B.A. Murry, J.M. Farrell, K.L. Schulz, M.A. Teece 71–82
- Standard metabolic rate of pike, *Esox lucius*: variation among studies and implications for energy flow modelling**  
J.D. Armstrong, L.A. Hawkins 83–90
- Use of Carbopol resin for carp pituitary administration improves the fertilization percentage of northern pike (*Esox lucius* Linnaeus) eggs in commercial hatcheries**  
T. Szabó 91–97
- The impact of catch-and-release angling on short-term behaviour and habitat choice of northern pike (*Esox lucius* L.)**  
T. Klefoth, A. Kobler, R. Arlinghaus 99–110
- Ecology and management of northern pike in Wisconsin**  
T.L. Margenau, S.P. AveLallemant, D. Giebtbrock, S.T. Schram 111–123
- Combining ecology, human demands, and philosophy into the management of northern pike in Michigan**  
J.S. Diana, K. Smith 125–135
- Current and future directions for pike ecology and management: a summary and synthesis**  
P.A. Nilsson, C. Skov, J.M. Farrell 137–141
